Justice Mphila

has successfully completed the online, non-credit Specialization

CompTIA Security+ (SY0-701)

Upon completing the course, you will be awarded a certificate acknowledging your mastery of security concepts, risk management, and threat mitigation strategies. The course covers a broad range of topics, from security control categories to encryption solutions and vendor assessments. You will also learn how to defend against social engineering, cyber-attacks, and manage security policies. By completing this program, you demonstrate your ability to secure IT systems, respond to vulnerabilities, and ensure operational continuity in today's complex security environment.
